

GARRARD

LONDON 1735

Bracelet Size Guide

To find out which Garrard bracelet, bangle or cuff is the right size for you, we recommend measuring your wrist using the method outlined below. Make sure that you have printed this guide in A4 size, scaled to 100%. To check the accuracy of your guide, position a credit card on the line below. If the card fits perfectly within the outer lines, it is the correct size.

To measure your wrist using our Garrard ruler:

- Carefully cut out the ruler
- Cut a horizontal slit below the Garrard logo
- Wrap the ruler around your wrist, with the sizes on the outside
- Gently pull the numbered end through the horizontal slit until the ruler is touching your skin
- Mark the ruler where it aligns with the edge of the opening to determine your correct bracelet size - small, standard or large.

Small: 150mm

Standard: 165mm

Large: 181mm
